Course Title: Urban Design Fundamentals - 7329	
Duration: 3 Days	Certification: LASNTG Certification
Expiry Period: 5 Years	Award: Attendance Certificate

Aim of Programme:
The aim of this programme is to provide learners with the knowledge, skills, and expertise to fulfil their role within Forward Planning, Development Management, Regeneration, economic/community development, etc

Target Learning Group:
This training programme open to all planning staff within a local authority. The primary target learner is planning technical grades.

Duration: 3 days in total.

- Session 1, 2 and 3 – 1 day online.
- Session 4 – 1 day in-person in Regional Training Centre.
- Session 5 – 1 day in-person in Regional Training Centre.

Course Delivery:
Hybrid delivery via online platform and in-person in LASNTG Regional Training Centres. Course delivery primarily consists of interactive content enhanced with practical exercises and real-life examples to support hands-on learning.

Course Structure:
Foundations of Urban Design (1 day online)
Urban Design Frameworks and Masterplans (1 full-day in-person session)
Detailing the Urban Block (1 full-day in-person session)

Course Aims:
On completion of this programme, the learner will be able to:
- gain a fundamental knowledge of urban design activity within the context of political, institutional, and legal frameworks, and understand its wider physical, environmental, economic, social, and cultural context, and its relationship with spatial planning in contributing to sustainable urban development.
- get acquainted with concepts such as urban design plans, neighbourhood, transportation, housing, parks and open-space for plans and to learn about town environmental planning and management and transportation of town planning.

Assessment:
There are no assessments required to complete the course.
